

We make
innovation
happen!

The Effectum Medical team owns **in-depth knowledge and provides daily hands-on support for regulatory affairs and quality management of medical devices, medical software and in-vitro diagnostic products**. Our team is delighted to serve you on your venture's journey!

Plug & Play (e)QMS Bootcamp April / May 2024

1. **Get to know our process experts** and take the opportunity to ask your questions to the (e)QMS Management and your journey from Technical Documentation until CE certification and Post Market Surveillance.
2. **Receive training** including a training certificate on Effectum's (e)QMS and get to know how the SOP's and templates are actively maintained, audited and meet MDR, IVDR and FDA requirements.
3. **Get 6-months free access to Effectum's e-learning platform** to update your know-how when it is needed.
4. Join 6-months free our **monthly online lunch sessions** held by **Effectum's team members and key partners** to share best practices, trends and latest insights on relevant topics for your venture's journey.
5. **Enjoy interactive workshops** spread over four weeks and meet with like-minded medical device start-ups.

[Contact us](#) for prices. Secure your early-bird ticket until January 31st, 2024!
